STANLEY COMPO-CAST® HAMMER

57-543

SLIMLINE HEAD MODEL

Four Slimline models offer a unique profile ideally suited for all types of assembly and repair applications. Patented design of Stanley Compo-Cast® hammers has revolutionized the soft faced hammer field. Hundreds of metal shots inside the head combine to provide maximum controlled striking force without rebound. One piece hot urethane UNI-CAST™ construction eliminates splintering wooden handles, break-away heads, mushrooming, etc. — out lasts other soft face materials by 10 to 20 times depending on the application. Reinforcing solid steel rod in handle provides strength and safety. No exposed metal — NO MARK — NO SPARK. Wrap around pattern for secure grip.
