**312T  
 12 Foot  
 Multipower  
 Dual Pulley &  
 Gear-Driven Tree Pruner**

Homeowner tree pruners and pole saw with strong, fiberglass telescoping pole, easily adjustable to any length between 6 ft. and 12 ft.

Gear drive and multipower dual pulley leverage system give 3 times more cutting power than pruners of equal capacity. Hardened, keen ground pruner blade easily cuts up to 1 1/8" diameter limbs.

16" needle point saw blade attaches to pruner head for cutting larger limbs. Deep-set saw teeth cut on pull stroke for easy non-binding cuts in green wood.

Both pruner blade and saw blade are Teflon-S® coated for easier, cleaner cutting.

**25AT  
 Gear-Driven  
 Anvil Lopping Shears**

These gear-driven lopping shears exert three times the cutting power of conventional loppers of similar size. Anvil action requires less effort and allows greater cutting capacity, with Teflon-S® coated blades ensuring a smooth cut. The 27" long handles are made of strong, zinc-plated steel. The blades boast a 1 1/4" cutting bite. And all parts are replaceable!
