GOSPORT THE KING OF TARPAULINS

"MAJESTIC STYLE" with

ROPE-IN-HEM

(THE FIRM-TOUGH EDGE)

Made of quality Canvas Duck and sealed with our special CANVAK Treatment to make our tarps absolutely water and mildew resistant. All seams are double stitched for added strength. For the customer who wants a firm edged tarpaulin that deters wear. The hem is 1 1/2" wide with the rope on the outer edge of a 1 1/2" turned under hem with two (2) rows of stitching. The tooth washer grommet is placed between the two rows of stitching, locating on the joining seams and 3-4 feet apart. The thread used throughout is a heavy duty, rot resistant type. Individual tarps are packaged attractively with a descriptive information label.
